

Tattletale Tommy and the Touching Tonsils

Nurse Nee Nee Series

ACROSS

- 5 in the back, behind something
- 8 advanced practice nurse who will administer anesthesia- keeping you asleep and treating your pain during a tonsillectomy
- 11 cells in the body which kills germs
- 13 the part of our body which helps fight off germs

DOWN

- 1 absolutely do not drink a beverage using this after a tonsillectomy
- 2 glands that sit in the back of the throat to fight infections
- 3 medical doctors who diagnose and manage, and treat disorders of the

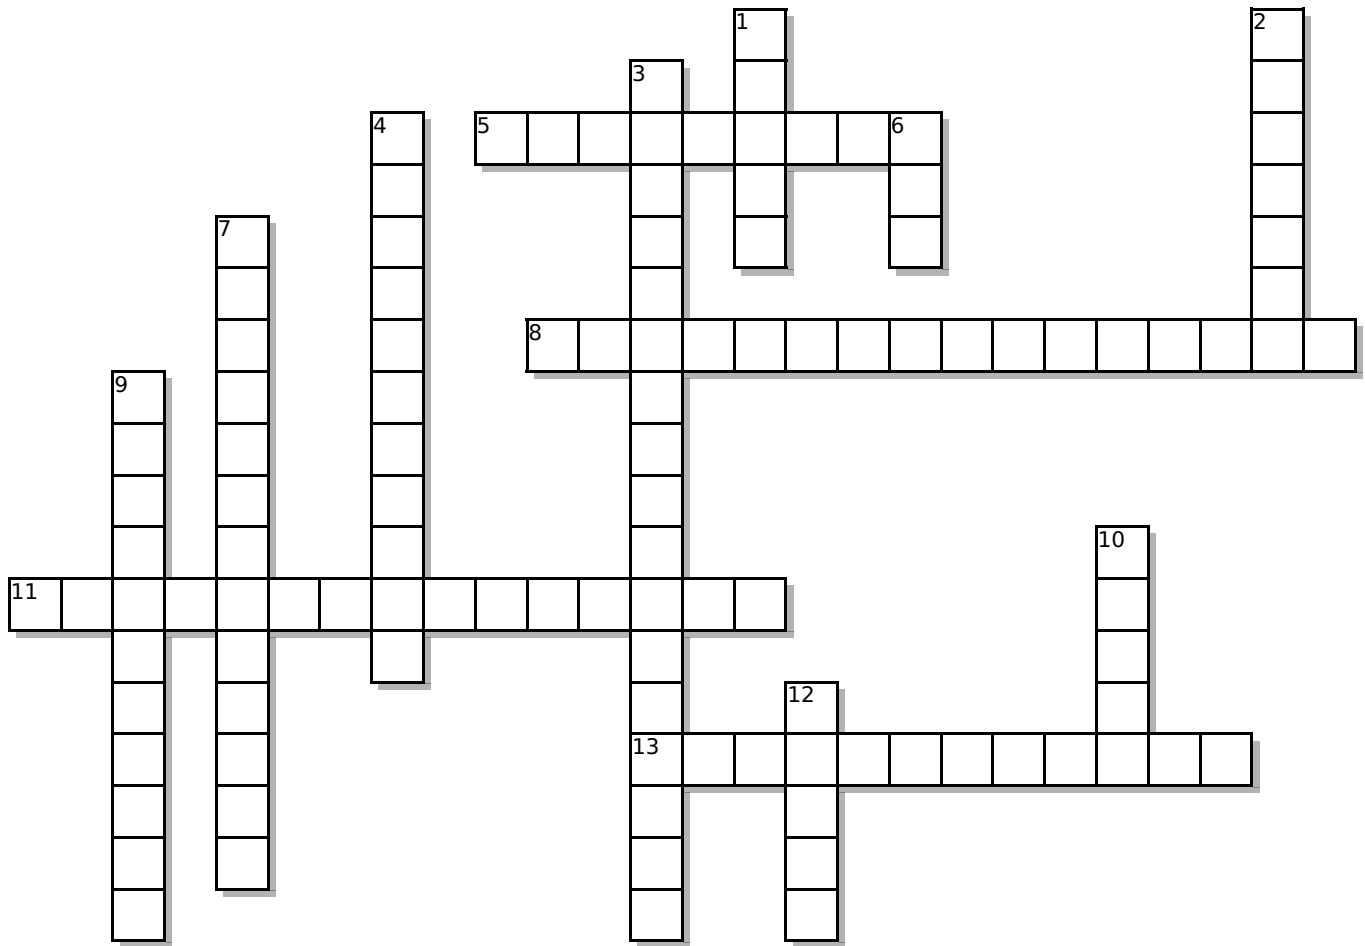

head and neck, including the ears, nose and throat

- 4 for example in Tommy's case, his tonsils kept getting infected & they became so large at times that airflow or smooth breathing in and out became difficult

- 6 a color to avoid eating after a tonsillectomy
- 7 the removal of the glands that sit in the back of the throat
- 9 when infection in the tonsils keeps coming back
- 10 organ that delivers blood and oxygen throughout the body
- 12 organs that sit on both sides of the chest and delivers oxygen breathed in from the air into the blood and removes carbon dioxide, a waste, out of the blood
